Within five (5) business days of the lead trial counsels' meet-and-confer session, the parties shall provide a detailed Joint Letter to the Court, not to exceed five (5) pages without leave of Court. V. TRIAL PROCEDURES

1 A. Counsel shall not prepare a Joint Pretrial Conference Statement. Instead, thirty
2 (30) calendar days in advance of the Final Pretrial Conference, please do the following:

- 3 1. In lieu of preparing a Joint Pretrial Conference Statement, the parties shall meet
4 and confer in person, prepare and file a jointly signed Proposed Final Pretrial
5 Order that contains: (a) a brief description of the substance of claims and defenses
6 which remain to be decided; (b) a statement of all relief sought; (c) all stipulated
7 facts; (d) a list of all factual issues that remain to be tried, stating the issues with
8 the same generality/specificity as any contested elements in the relevant jury
9 instructions and organized by counts; (e) a joint exhibit list in numerical order,
10 including a brief description of the exhibit and Bates numbers, a blank column for
11 when it will be offered into evidence, a blank column for when it may be received
12 into evidence, and a blank column for any limitations on its use; and (f) each
13 party's separate witness list for its case-in-chief witnesses (including those
14 appearing by deposition) providing, for all such witnesses, a short statement of
15 the substance of his/her testimony and, separately, what, if any, non-cumulative
16 testimony the witness will offer. If non-cumulative testimony is not spelled out,
17 the Court will presume the witness is cumulative. For each witness, state an
18 hour/minute time estimate for the direct examination (only). Items (e) and (f)
19 should be appendices to the proposed order. The proposed order should also state
20 which issues, if any, are for the Court to decide, rather than the jury. The
21 objective is to convert the proposed order to a final order with the benefit of any
22 discussion at the Final Pretrial Conference.
- 23 2. File a joint set of proposed instructions on substantive issues of law arranged in a
24 logical sequence. If undisputed, an instruction shall be identified as "Stipulated
25 Instruction No. __ Re __," with the blanks filled in as appropriate. Disputed
26 instructions shall be identified as "Disputed Instruction No. __ Re __." Where the
27 parties offer competing versions of a disputed instruction, both versions shall be
28 inserted together, back to back, in their logical place in the overall sequence. All
disputed versions of the same basic instruction shall bear the same number. For

all disputed instructions, regardless of whether the parties offer competing versions of a disputed instruction or a disputed instruction on a particular subject is offered by only one party, each party shall provide a brief explanation of its position, with citations to relevant authority. These explanations should be inserted in the joint jury instructions on the page(s) immediately following the disputed instruction(s). Even if stipulated, an instruction shall be supported by citation to relevant authority and/or identifying the source of the proposed instruction in the case of form instructions. Any modification to a form instruction should be plainly identified. With respect to form preliminary instructions, general instructions, or concluding instructions, the parties should use the Ninth Circuit Model Jury Instructions when available. As to those instructions, the parties may simply cite to the numbers of the requested instructions in the current edition of the Ninth Circuit Model Jury Instructions. Other than citing the numbers, the parties need not include preliminary, general, or concluding instructions in the packet.

3. File a joint set of proposed voir dire questions supplemented as necessary by separate requests for good cause only.
4. Any motions in limine shall be submitted as follows: at least thirty (30) calendar days before the conference, the moving party shall serve, but not file, the opening brief. The responding party shall serve the opposition, ensuring that it is delivered to the moving party no later than noon Pacific Time at least twenty (20) calendar days before the conference. There will be no reply. When the oppositions are received, the moving party should collate the motion and the opposition together, back-to-back, and then file the paired sets at least twenty (20) calendar days before the conference. Each motion should be presented in a separate memorandum and properly identified, for example, "Plaintiff's Motion in Limine No. 1 to Exclude" Please limit motions in limine to circumstances that really need a ruling in advance. Usually five or fewer motions per side is sufficient. Each motion should address a single, separate topic, and contain no

more than seven pages of briefing per side. Leave of Court will be required for more or longer motions.

5. File trial briefs on any controlling issues of law.

6. File proposed verdict forms, joint or separate.

B. Not less than ten (10) days before the Pretrial Conference, counsel or the parties shall file and serve any objections to exhibits.

C. Exhibits and witnesses not included in the Proposed Joint Pretrial Order pursuant to Paragraph V.A. may not be used in a party's case-in-chief and may not be used during cross examination of the other side's case-in-chief (other than for impeachment). Defense witnesses are not rebuttal witnesses. Objections not raised pursuant to Paragraph V.B. are waived.

D. Chambers' copies of the aforementioned documents shall submitted in .pdf format and emailed to JCSPO@cand.uscourts.gov. Please do not submit paper copies unless requested by the Court. The Joint Proposed Final Pretrial Order, jury instructions, and verdict form shall be submitted via e-mail as attachments, in MS Word format, to Judge Spero's Law Clerk [Sam Wheeler@cand.uscourts.gov](mailto:Sam_Wheeler@cand.uscourts.gov) and to Judge Spero's Courtroom Deputy [Karen Hom@cand.uscourts.gov](mailto:Karen_Hom@cand.uscourts.gov). Please do not submit papers copies unless requested by the Court.

E. At the Final Pretrial Conference, the above submissions shall be considered and argued. The parties shall submit a joint summary of all rulings in proposed order format.

PRETRIAL ARRANGEMENTS

F. Should a daily transcript and/or real-time reporting be desired, the parties shall make arrangements with Richard Duvall, Supervisor of the Court Reporting Services, at (415) 522-2079, or [Richard Duvall@cand.uscourts.gov](mailto:Richard_Duvall@cand.uscourts.gov), at least fourteen (14) calendar days prior to the trial date.

G. During trial, counsel may wish to use overhead projectors, computer graphics, poster blow-ups, models, or specimens of devices. Equipment should be shared by all counsel to the maximum extent possible. The Court has an AV cart that can be made available to counsel. If the parties are interested in using the Court's AV cart, they should contact the deputy clerk one (1)

1 week prior to the final pretrial conference to inquire about availability. The AV cart can't be
2 reserved until the day of the final pretrial conference. Once the AV cart has been reserved, the
3 deputy clerk will make arrangements with counsel for training on the AV cart. If the AV cart is
4 not available, the Court can only provide an easel. The United States Marshal requires a court
5 order to allow equipment into the courthouse. For electronic equipment, parties should be
6 prepared to maintain the equipment or have a technician handy at all times. The parties shall tape
7 extension cords to the carpet for safety. The parties may work with the deputy clerk, Karen Hom
8 (415-522-2035), on all courtroom-layout issues.

9 **SCHEDULING**

10 H. Trial will be conducted from 8:30 a.m. to 2:30 p.m. (or slightly longer to finish a
11 witness) with one fifteen-minute break and one forty-five (45) minute lunch break, Monday
12 through Thursday, excluding holidays. Counsel must arrive by 8:15 a.m., or earlier as needed for
13 any matters to be heard out of the presence of the jury. The jury will be called at 8:30 a.m. Jury
14 deliberations will be allowed on Fridays.

15 **THE JURY**

16 I. No later than on the first day of trial, counsel shall jointly submit a simplified
17 Statement of the Case to be read to the jury during voir dire as part of the proposed jury
18 instructions. Unless the case is extremely complex, this statement should not exceed one page.
19 The Court will usually conduct the voir dire.

20 J. In civil cases, there are no alternate jurors and the jury is selected as follows:
21 Twenty jurors are called to fill the jury box and the row in front of the bar, and are given numbers
22 (1 through 20). The remaining potential jurors will be seated in the public benches. Hardship
23 excuses will usually be considered at this point. The Court will then ask questions of those in the
24 box and in the front of the bar. Counsel may then conduct a limited voir dire. Challenges for
25 cause will then be addressed out of the presence of the potential jurors. The Court will consider
26 whether to fill in the seats of the stricken jurors. If so, questions will be asked of the additions and
27 cause motions as to them will be considered. After a short recess, each side may exercise its
28 allotment of peremptory challenges out of the presence of the potential jurors. The eight (or such

other size as will constitute the jury) surviving the challenge process with the lowest numbers become the final jury. For example, if the plaintiff strikes 1, 5, and 7 and the defendant strikes 2, 4, and 9, then 3, 6, 8, 10, 11, 12, 13, and 14 become the final jury. If more (or fewer) than eight jurors are to be seated, then the starting number will be adjusted. So too if more than a total of six peremptories is allowed. Once the jury selection is completed, the jurors' names will be read again and they will be seated in the jury box and sworn. The Court may alter the procedure in its discretion.

K. Jurors may take notes. Note pads will be distributed at the beginning of each trial. The note pads will be collected at the end of each day and locked in the jury room. Jurors will be instructed on the use of notes both in the preliminary and final jury instructions.

OPENING STATEMENTS

L. Each side will have a predetermined time limit for its opening statement (usually no more than 45 minutes per side). Counsel must cooperate and meet and confer to exchange any visuals, graphics, or exhibits to be used in the opening statements, allowing for time to work out objections and any reasonable revisions. Opening statements will commence as soon as the jury is sworn.

WITNESSES

M. At the close of each trial day, all counsel shall exchange a list of witnesses for the next two full court days and the exhibits that will be used during direct examination (other than for impeachment of an adverse witness). Within 24 hours of such notice, all other counsel shall provide any objections to such exhibits and shall provide a list of all exhibits to be used with the same witness on cross-examination (other than for impeachment). The first notice shall be exchanged prior to the first day of trial. All such notices shall be provided in writing.

N. The parties and counsel shall have all upcoming witnesses ready to testify. Failure to have the next witness ready or to be prepared to proceed with the evidence will usually be deemed to constitute resting. If counsel plans to read in a transcript of a deposition, counsel must have a deposition prepared and vetted early on to read into the record.

O. Counsel shall prepare two (2) sets of witness binders with the exhibits they plan to use with that witness. The second set will be given to the Court on the day the witness testifies.

P. When there are multiple parties, counsel are responsible for coordination of the cross-examination to avoid duplication.

Q. If there are multiple parties on a side, counsel for only one party may cover a subject matter; reiteration of the examination, whether direct or cross, will not be permitted.

EXPERTS

R. At trial, direct testimony of experts will be limited to the matters disclosed in their reports. Omitted material may not ordinarily be added on direct examination. Illustrative animations, diagrams, charts, and models may be used on direct examination only if they were part of the expert report, with the exception of simple drawings and tabulations that plainly illustrate the content of the report, which can be drawn by the witness at trial or otherwise shown to the jury. If cross-examination fairly opens the door, however, an expert may go beyond the written report on cross-examination and/or re-direct examination. By written stipulation, all parties may relax these requirements. The Court will not permit Federal Rule of Evidence 703 to be used to admit otherwise inadmissible evidence through the expert (i.e., through the “back door”).

S. As to damages studies, the cut-off date for past damages will be as of the expert report (or such earlier date as the expert may select). In addition, the experts may try to project future damages (i.e., after the cut-off date) if the substantive standards for future damages can be met. With timely leave of Court or by written stipulation, the experts may update their reports (with supplemental reports) to a date closer to the time of trial.

USE OF DEPOSITIONS TO IMPEACH AND SHORT READ-INS

T. Depositions can be used at trial to impeach a witness testifying at trial or, in the case of a party deponent, “for any purpose.” The parties shall abide by the following procedure:

1. On the first day of trial, counsel shall bring the original and clean copies of any deposition(s) intended to be used during the course of the trial. Any corrections must be readily available. If counsel need to use the deposition during a witness examination, they shall provide

1 the Court with a copy with any corrections at the outset of the
2 examination. This will minimize delay between the original question
3 and the read-ins of the impeaching material. Opposing counsel should
4 have their copy immediately available.

5 2. When counsel reads a passage into the record, counsel should seek
6 permission from the Court. For example, counsel should state: "I wish
7 to read in page 210, lines 1 to 10 from the witness' deposition." A
8 brief pause will be allowed for any objection.

9 3. The first time a deposition is read, counsel shall state the deponent's
10 name, the date of the deposition, the name of the lawyer asking the
11 question, and if it was a Federal Rule of Civil Procedure 30(b)(6)
12 deposition. The first time a deposition is read, the Court will give an
13 appropriate explanation to the jury about depositions. Do not
14 embellish with follow-on questions.

15 4. When reading in the passage, counsel shall state "question" and then
16 read the question exactly, followed by, "answer" and then read the
17 answer exactly. Stating "question" and "answer" is necessary so the
18 jury and the court reporter can follow who was talking at the
19 deposition. Once the passage is on the record, move on. Opposing
20 counsel may then immediately ask to read such additional testimony
21 as is necessary to complete the context.

22 5. To avoid mischaracterizing the record, counsel should not ask,
23 "Didn't you say XYZ in your deposition?" It is unnecessary to ask a
24 witness if he "recalls" the testimony or otherwise to lay a foundation.

25 6. Subject to Federal Rule of Evidence 403, party depositions may be
26 read into the record whether or not they contradict trial testimony (and
27 regardless of who the witness is on the stand). For example, a short
28 party deposition excerpt may be used as foundation for questions for a
different witness on the stand.

DEPOSITION DESIGNATION

U. The following procedure applies only to witnesses who appear by deposition. It does not apply to live witnesses whose depositions are read into the record while they are on the stand.

1. To designate deposition testimony, counsel shall photocopy the cover page, the page where the witness is sworn, and then each page containing any testimony to be proffered, with lines through portions of such pages not proffered. In addition, counsel shall line through objections or colloquy unless they are needed to understand the question. Any corrections must be interlineated, and references to exhibit numbers must conform to the trial numbers. Such interlineations should be done by hand. The finished packet should then be the actual script and should smoothly present the identification and swearing of the witness and testimony desired. The packet must be provided to all other parties at least twenty (20) calendar days before the Pretrial Conference. For the rare case of voluminous designations, more lead time will be required. Counsel are advised to be reasonable.
2. All other parties must promptly review the packet and highlight in yellow any passages objected to and write in the margin the legal basis for the objections. If a completeness objection is made, the objecting party must insert into the packet the additional passages as needed to cure the completeness objection. A completeness objection generally should be made only if a few extra lines will cure the problem. Such additions shall be highlighted in blue and an explanation for the inclusion shall be legibly handwritten in the margin. Counsel must line out or x-out any irrelevant portions of the additional pages.
3. The packets, as adjusted, must then be returned to the proffering party, for consideration of whether to accept the adjustments. Next, counsel shall

1 meet and confer. Counsel for the proffering party must collate and
 2 assemble a final packet that covers the proffer and all remaining issues.
 3 At least ten (10) calendar days before the Pretrial Conference, the
 4 proponent must provide the Court with the final packet, with any
 5 objected-to portions highlighted and annotated as described above. If
 6 exhibits are needed to resolve the objections, counsel should include
 7 copies, with the relevant passages highlighted and tagged. The Court will
 8 then read the packet and indicate its rulings in the margin in a distinctive
 9 manner. Ordinarily, argument will not be needed.

- 10 4. Counter-designations must be made by providing a packet with the
 11 counter-designated passages to the proponent at the same time any
 12 objections to the original proffer are returned to the first proffering party,
 13 who must then supply its objections in the same manner.
- 14 5. When the packet is read to the jury, the examiner shall read the questions
 15 (and any relevant colloquy) from the lectern while a colleague sits in the
 16 witness stand and reads the answers. While reading the deposition the
 17 reader and “witness” shall refrain from undue emoting, emphasis or other
 18 dramatization.
- 19 6. When a video deposition is to be played, the video should omit any dead
 20 time, long pauses, and objections/colloquy not necessary to understand
 21 the answers.

22 **REQUESTS FOR ADMISSIONS AND INTERROGATORIES**

23 V. Please designate responses to requests for admissions and interrogatory answers in
 24 the same manner and under the same timetable as deposition designations.

25 **EXHIBITS**

26 W. Prior to the Final Pretrial Conference, counsel must meet and confer in person to
 27 consider all exhibit numbers and objections and to eliminate duplicate exhibits and confusion over
 28 the precise exhibit.

X. Use numbers only, not letters, for exhibits, preferably the same numbers as were used in depositions. Blocks of numbers should be assigned to fit the need of the case (e.g., Plaintiff has 1 to 100, Defendant A has 101 to 200, Defendant B has 201 to 300, etc.). A single exhibit should be marked only once, just as it should have been marked only once in discovery pursuant to this Court's discovery guidelines. If the plaintiff has marked an exhibit, then the defendant should not re-mark the exact document with another number. Different versions of the same document, e.g., a copy with additional handwriting, must be treated as different exhibits with different numbers. To avoid any party claiming "ownership" of an exhibit, all exhibits shall be marked and referred to as "Trial Exhibit No. _____," not as "Plaintiff's Exhibit" or "Defendant's Exhibit." If an exhibit number differs from that used in a deposition transcript, then the latter transcript must be conformed to the new trial number if and when the deposition testimony is read to the jury (so as to avoid confusion over exhibit numbers). The jury should always hear any given exhibit referred to by its unique number. There should be no competing versions of the same exhibit number; any discrepancies must be brought to the Court's attention promptly.

Y. The exhibit tag shall be in the following form:

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

TRIAL EXHIBIT 100

Case No. _____

Date Entered _____

By _____
Deputy Clerk

1 Counsel preferably will make the tag up in a color that will stand out (yet still allow for
2 photocopying), but that is not essential. Place the tag on or near the lower right-hand corner or, if
3 a photograph, on the back. Counsel should fill in the tag but leave the last two spaces blank.
4 The parties must jointly prepare a single set of all trial exhibits that will be the official record set
5 to be used with the witnesses and on appeal. Each exhibit must be tagged, three-hole-punched,
6 separated with a label divider identifying the exhibit number, and placed in 3-ring binders. Spine
7 labels should indicate the numbers of the exhibits that are in the binders. Each set of exhibit
8 binders should be marked as "Original". Deposit the exhibits with the deputy clerk ten (10) days
9 before the Pretrial Conference.

10 Z. Counsel must consult with each other and with the deputy clerk at the end of each
11 trial day and compare notes as to which exhibits are in evidence and any limitations thereon. If
12 there are any differences, counsel should bring them promptly to the Court's attention.

13 AA. In addition to the official record exhibits, a single, joint set of bench binders
14 containing a copy of the exhibits must be provided to the Court ten (10) days before the Pretrial
15 Conference, and should be marked as "Chambers Copies". Each exhibit must be separated with a
16 label divider identifying the exhibit number. (An exhibit tag is unnecessary for the bench set.)
17 Spine labels should indicate the numbers of the exhibits that are in the binders.

18 BB. Before the closing arguments, counsel must confer with the deputy clerk to make
19 sure the exhibits in evidence are in good order. Counsel may, but are not required to, jointly
20 provide a revised list of all exhibits actually in evidence (and no others) stating the exhibit number
21 and a brief, non-argumentative description (e.g., letter from A. B. Case to D. E. Frank, dated
22 August 17, 1999). This list may go into the jury room to help the jury sort through exhibits in
23 evidence.

24 CC. Exhibit notebooks for the jury will not be permitted without prior permission from
25 the Court. Publication must be by poster blow-up, overhead projection, or such other method as is
26 allowed in the circumstances. It is permissible to highlight, circle or underscore in the
27 enlargements as long as it is clear that it was not on the original.

28 **OBJECTIONS**

1 DD. Counsel shall stand when making objections and shall not make speeches. Simply
2 give the legal basis for your objection (e.g., “calls for speculation” or “objection, hearsay”).

3 EE. There can only be one lawyer per witness per party for all purposes, including
4 objections. Only one lawyer will be permitted to make the opening statement and closing
5 argument unless the Court has given prior approval to more than one lawyer doing so.

6 FF. Side bar conferences are discouraged.

7 GG. To maximize jury time, counsel must alert the Court in advance of any problems
8 that will require discussion outside the presence of the jury, so that the conference can be held
9 before court begins or after the jury leaves for the day.

10 **STIPULATIONS**

11 HH. You must read all stipulations to the jury in order for them to become a part of the
12 record.

13 **TIME LIMITS**

14 II. Ordinarily, the Court shall set fixed time limits at the final pretrial conference. All
15 of your examination time (whether direct, cross, re-direct or re-cross) for all witnesses must fit
16 within your time limit. Opening and closing time limits shall be considered separately. The time
17 taken at a side bar or on objections will still be charged to the examining party unless otherwise
18 ordered.

19 **CHARGING CONFERENCE**

20 JJ. As the trial progresses and the evidence is heard, the Court will fashion a
21 comprehensive set of jury instructions to cover all issues actually being tried. Prior to the close of
22 the evidence, the Court will provide a draft final charge to the parties. After a reasonable period
23 for review, one or more charging conferences will be held at which each party may object to any
24 passage, ask for modifications, or ask for additions. Any instruction request must be renewed
25 specifically at the conference or it will be deemed waived, whether or not it was requested prior to
26 trial. If a party still wishes to request an omitted instruction after reviewing the Court’s draft, then
27 it must affirmatively re-request it at the charging conference in order to give the Court a fair
28

1 opportunity to correct any error. Otherwise, as stated, the request will be deemed abandoned or
2 waived.

3 **JUROR QUESTIONNAIRE**

4 The attached voir dire questionnaire shall be given to the potential jurors and copies of the
5 responses will be made available to counsel at the beginning of voir dire.

6 IT IS SO ORDERED.
